

11 Student's Reflection

1. Please review the objectives you have set for yourself before the internship. Describe how you have reached them and describe possible difficulties.

2. In which area have you performed best and in which did you have the greatest difficulties?

3. What aspects in your internship were similar to your prior experiences?

4. What aspects in your internship were different to your prior experiences?

5. List the company's main competitors and state whether they are national or international.

6. What do you know about the country's market conditions (e.g. economical structure, currency, main economical policy, GDP growth rates)?

7. What do you know about the country's culture (e.g. shared values, holidays and important historical or current people)?

8. Where do you see the greatest differences to your home country (e. g. food, customs, behaviour within peer groups or within the company)?

9. Where did you experience cultural differences?

10. What was your greatest accomplishment during your internship?

11. Please compare your self-evaluation at the beginning of the internship and at the end. Which developments do you notice?

12. What consequences do you derive from your experiences?
